TRACTOR REQUIREMENTS

- Three axle sleeper cab, diesel power, cabover or conventional
- Stack height not to exceed 13' 6" inches hooked to empty trailer and minimum stack height, 13'
- Weight not to exceed 19,500 lbs. with 50 gallons of fuel
- Tractor must pass a complete and detailed safety inspection at time of leasing at one of our AMS facilities
- Tractor fifth wheel height not to exceed 47 1/2 inches unless tractor is equipped with suspension release

BRAKE VALVE, ENFORCER KINGPIN AND TRAILER REAR DOOR LOCK, CARGO STRAPS AND LOAD LOCK POLICY

All Owner-Operators who have safety clearance and are qualified to drive for Crete Carrier/Shaffer Trucking will be required to have in their possession and use air brake valve, kingpin and trailer rear door locks which meet Company specifications. It is mandatory that you use these locks in every situation where use of the locks is possible. The Company, while you are under lease to the Company, will provide the air brake lock at no cost to you. If the air brake lock is not returned at time of lease cancellation, it will be charged at the time of final settlement at our cost. In addition, two load locks and two cargo straps are required. The cost of the load locks and straps will need to be paid at time of purchase or charged on first settlement. The cost of the Enforcer kingpin and trailer door locks can be paid by the Owner-Operator in one payment or in installments.

DECALS AND SIGNS

"Crete Carrier Corporation/Shaffer Trucking, Lincoln, NE US DOT 073705" must be displayed on the doors or side of cab at door height of all tractors leased to Crete Carrier/Shaffer Trucking. Decals for the doors and unit number decals are supplied at the time of leasing. Should a contractor choose, the required information may, at contractor's expense, be hand lettered on the tractor's doors in a contrasting color. The Company name and identifying US DOT number must be at least equivalent in size to the decals supplied by the Company.

DOCUMENTS REQUIRED FOR LEASING

If the tractor has been cleared for leasing with Crete Carrier/Shaffer Trucking, the Owner-Operator will need the following documents to complete the process:

- Proof of payment of Federal Highway Use Tax (Form 2290).
- Articles of incorporation or organization if applicable.
- Copy of Bill of Sale that reflects actual purchase price of tractor before trade-in allowance, down payment or finance charge.
- Copy of Certificate of Title of tractor to be leased to Crete Carrier/Shaffer Trucking. *(If the tractor is new and you desire Crete Carrier to assist with the titling process, please supply MSO from the dealer. If a tractor is a pre-owned tractor and you desire our assistance with titling, please supply a copy of the title signed over to you as the new owner. If a lien is to be placed on the title, a copy of the Lien Holder's Security Agreement and Financing Statement must also be supplied).*
- Proof of Bobtail (Non-Trucking) Insurance (if not purchasing insurance through Crete Carrier/Shaffer Trucking).
- Copy of tractor registration from previous company.
- Employee Identification Number (EIN)
